ROBEY TO MOBERLY

COUNCIL INSTRUCTS MAYOR TO VISIT WABASH SUPERINTENDENT.

ANOTHER MEETING MAY 15

Airdome, Water Commission and Other Matters Furnish List of Unfinished Business.

The city council met in special session Monday evening to discuss whether the city should employ an expert engineer and what action to take in regard to the proposed airdome on East Third street, which is to be built by the Crystal Theater company. The members of the board present were C. D. Hooker, F. C. Conrad, Henry Foster, J. H. Gray and Louis Gram.

Mayor Robey was instructed by the board to get into communication with an expert engineer, and to find out the probable cost of hiring one to make a thorough investigation of the water plant. This recommendation was made to the board by the Commercial club committee on the water question, composed of S. G. Gillam, E. C. Curfman and C. J. Alderman. The committee now needs the services of an expert engineer, as they now have arrived at a place where the advice of one is necessary to figure out several points in connection with the water question.

City Attorney Blagg cited several authorities in regard to an ordinance against airdomes, and gave as his opinion that the city council could not suppress the airdome by an ordinance so long as it is not a nuisance. Several property owners were present at the meeting and they claim that it will be a nuisance and will be generally objectionable to them. Mr. Blagg said that he would not advise the city council to pass such an ordinance, as it would get the city in a lawsuit, which would be costly, and that he would look up more authorities on the matter and report at the next meeting of the council, on Monday, May 15, when a special meeting will be held.

The board took up the sidewalk question, and all sidewalks that have been ordered in by the council are to be built at once. The street commissioner was ordered to notify the property owners whose walks were ordered to be built and inform them that if they are not constructed at once the city will put in the walks and issue tax bills against the property. The council intends to be active in the sidewalk campaign, and is going to push it.

Mayor Robey was instructed by the board to go to Moberly to see the general superintendent of the Wabash railroad about the new bridge over the railroad on Mulberry street, and also to confer with him in regard to opening up Storm avenue without any further proceedings. It was also suggested that President Taylor and W. A. Blagg, president of the board of regents should go with Mayor Robey to Moberly.

Building permits were granted by the board to W. W. Byers and M. Nusbaum.

The appointment of Mr. Kinney as street sweeper was made by Mayor Robey and was confirmed by the council.

The city council will meet in special session on Monday night, May 15, when several important questions will come up.

SMITH SUES ON EVERY FIRE POLICY

(Kansas City Star.)

It appears very much as if Woodson Smith of the Woodson Smith Hat company will have to fight for every cent he collects from the insurance companies on the loss he suffered when the building at Seventh street and Broadway burned May 30, 1910. The trial of the suit to collect on a $4,000 policy written by the Northwestern Fire insurance company began in Judge Lucas' court this morning. Mr. Smith won his suit last week against the Merchants' Insurance company on the $2,500 policy written by that company. Seventeen insurance companies carried risks on the stock of goods and there are seventeen different suits. One local agency represents all seventeen companies. The stock was insured for $60,000, while the loss amounted to $46,000.

ASKS THE CO-OPERATION OF THE COUNTY CLERK

County Clerk George W. Demott has received from William P. Evans, state superintendent of public schools, an official communication asking for his co-operation and that of other officials in obtaining a correct census of school children for the present year, and upon which returns the state school money will be apportioned for 1911. He indicates quite plainly that his department has the authority to make corrections, and will not hesitate to do so when evidence is apparent of erroneous returns.

Next year the school money will be apportioned under the new law, which establishes the basis upon the number of children attending the public school and the number of teachers employed therein, but for the present year the old method will be used. Evidence that the school census was greatly padded at St. Joseph, where the school attendance was less than twelve thousand to a total school enumeration of more than forty-two thousand, as well as heavy padding at Moberly, caused the last legislature to change the law. Every county clerk in the state received a similar notice.

WILL HAVE CHARGE OF BOYS' DORMITORY

Prof. and Mrs. W. J. Breit of Savannah are moving to Maryville this week, and will become students at the Northwest Normal. Professor Briet has just closed his work as superintendent of the public schools at Edgerton, Mo. He and Mrs. Briet will have charge of the dormitory for the young men of the Northwest Normal, the old seminary building to be used fo rthat purpose.

Have a Daughter.

Mr. and Mrs. Jesse Ray of near Ravenwood announce the birth of a daughter to them Tuesday morning. Mrs. Ray was formerly Miss Nellie Mahony of Maryville. Her sister, Mrs. Margaret Dougan of this city, went to Ravenwood Tuesday morning.

Miss Alice Mahoney returned Monday night from a visit with relatives in Kansas City.

Miss Daisy Richardson went to St. Joseph Monday evening to visit Mr. and Mrs. Madison Young.

Durbin, the violin maker, will be in Maryville again on Wednesday and Thursday only.

If your fiddle does not note true, have it graduated by an expert.

Have some good old fiddles that I will sell cheap. See me at Mr. Denham's office.

TO ANNEX ST. JOE

COL. JENKINS' DREAM OF EMPIRE FOR MARYVILLE.

NO SYMPATHY FOR KICKER

Platte County Well Pleased With Their Showing at Track Meet—A Plea for the Children.

Col. W. T. Jenkins, editor of the Platte City Landmark, who attended the oratorical contest and track meet in Maryville recently, writes as follows in last week's paper:

The management at the Normal school and the citizens of Maryville did everything to make the stay at Maryville a pleasant one, and if there is any grumbling from any source it does not come from Platte county. We are thankful for the many courtesies shown us, and like things so well that we intend going back in 1912.

There are many good friends of Platte county in Maryville, but there are some whom the Platte county delegation cannot soon forget. Rev. Lee Harrel met the team at the depot at Maryville, made it enter carriages and drove it, eight in number, to his handsome home in that city and entertained them during their stay. The manager offered to pay for the team—and he luckily escaped with his life.

Maryville has some of the best people on earth, and it's a pleasure to be there and be with them. Maryville is improving and is now looking forward to taking in Savannah and St. Joseph.

The winning of the handsome cup and medals at the great Maryville meet last week keeps Platte county on the map. Of course the average knocker and kicker can't appreciate this, but the majority of our people have their heads on straight and are proud of the extra advertising the county gets. Weston, Dearborn, Camden Point, Parkville, Edgerton and the country school districts must get into line and let us all work together. There are hundreds of bright girls and boys in Platte county and they should have a chance to get forward in the world's race. Cattle, hogs, horses and tobacco are all right and things we are proud of, but they are not the only things we are raising. We have an old fool notion that our children, your children, are worthy of some notice.

TIME FOR STRAW HATS AND THE STYLES

Styles in straw hats for men are practically the same this summer as they were last year. The plain split straw bonnet with wide brim and low crown promises to be the favorite with men of all ages. The brim is wider and the crown is lower. There will be more Panamas worn this year.

The Bangkok hat of brown straw will be a stronger favorite with older men than before. They are made in all shapes. There will be very few soft straws worn. Several of the stores haven't any in stock. So if you have a plain straw with a 3-inch brim and a 2½-inch crown, resting peacefully on the top shelf of your closet, drag it out and sent it to a cleaner. You can get away with it for a while. But it won't be safe to wear it till some time between the 20th of this month and the first of next.

AN INTERESTING LETTER WRITTEN NOV. 25, 1846

J. A. Murphy of East Fourth street has just received from some relatives in California an interesting letter written by his father, P. W. Murphy, many years ago. The letter is dated November 25, 1846, and was written from his home in Prairie county, Indiana, to his brother, Jeptha Murphy, of Macoupin county, Illinois. In relating to his brother his progress and prosperity on the farm, he recites that he has harvested a crop of 500 bushels of corn, part of which he had already sold at 25 cents per bushel, and that his potato crop would average 80 or 90 bushels to the acre. Mr. Murphy seemed to be proud of the yield and the price he was receiving for his crop. The letter is written on an excellent quality of paper, which is still in good condition and the ink is still clear and bright. There was no stamp on the letter, for in those days stamps were not in use. The person who sent a letter then did not pay any postage, but the party to whom it was addressed was compelled to pay twenty-five cents to get it out of the post-office.

Albert Suman of Burlington Junction was in town Tuesday on business.

Entertained for Miss Campbell.

Dr. and Mrs. Lafe C. Allender entertained at euchre Monday evening in honor of Miss Mary Campbell of Kansas City, who is visiting her aunts, Mrs. George B. Baker and Mrs. E. F. Wolfert. The guests were Miss Campbell, Miss Alice Martin, Miss Donna Sisson, Miss Mae Corwin, Miss Elise Jackson, Mr. and Mrs. W. M. Wallis, Jr., Mr. and Mrs. Joseph Jackson, Jr., Messrs. Edward Schumacher, Edward Williams, Will J. Montgomery, Eldon Irvin, James Todd, Phil Smiley and Dr. E. C. Braniger.

Mothers' Circle Meeting.

The Mothers' Circle will meet at the high school building Friday afternoon in one of the class rooms. The main features of the program will be an address of Mrs. Charles P. Luce on "Settlement Work in the Cities." Mrs. Luce has just recently returned from a visit in Baltimore with her daughter, Miss Cornelia Luce, who teaches domestic science in a settlement of that city. Also an address by Mrs. Levy of Marshall, Mo., who is introducing the Draper self-culture books in our city. Her subject will be "The Purposes and Possibilities of the Mothers' Circle." Miss Level is intimately acquainted with the work of mothers' circles. There will also be a round table discussion and other good things.

Married Monday Evening.

Miss Myrtle Conley, the daughter of J. B. Conley, and Hubert Appleby of Maitland were united in marriage Monday evening at 8 o'clock at the Conley home, 111 Lawn avenue, Rev. L. O. Bricker of the First Christian church officiating. The members of the bride's family were the only guests, Mr. and Mrs. J. L. Conley and sons, Vernon and Floyd, and the two nieces of the bride, Elma and May Mahoney. The parlor was decorated in ferns and carnations. The bride was prettily gowned in a white embroidered dress. Mr. and Mrs. Appleby left Tuesday morning for Maitland, where a home was ready for the bride. Mr. Appleby recently went to Maitland from Maryville, and opened a barber shop of his own. The bride was until last Friday a member of the beginning senior class of the Maryville high school. Both have many friends who wish them all the happiness and success they anticipate.

Guests at the Ream.

Mr. and Mrs. A. T. Clark of the Ream hotel entertained at dinner Sunday Rev. Dr. and Mrs. J. S. Ford and daughters, Miss Gladys Ford and little Miss Merl.

Mrs. Wadley Will Entertain.

Mrs. T. L. Wadley will entertain her class of young ladies in the First M. E. church Sunday school at her home Tuesday evening.

Rummage Sale Success.

The rummage sale conducted last Friday and Saturday by the Young Ladies' Mission Circle of the First Christian church was closed up Monday with $95.27 in the treasury as a result of the sale. It is not possible to calculate the number of families who are helped by these sales.

DEATH OF T. G. NASH

PASSED AWAY AT IOLA, KAN., TUESDAY MORNING.

BROTHER OF A. L. NASH

Was Well Known in the North Part of the County—Was Fifty Years Old.

A. L. Nash of this city received a telegram Tuesday morning from Iola, Kan., stating that his brother, T. G. Nash, had died early Tuesday morning at a hospital in that place. The death was caused by appendicitis. His home was near Brunson, Kan., but he was taken to Iola for treatment. Mr. Nash was about 50 years old, and is survived by his wife and four children. Mrs. Elvira Wilhoyte, living northwest of Maryville, is the oldest daughter. The other children live at home and are Maysel, Edgar and Nora. It is not yet known when the funeral services will be held, or where the burial will be.

Mr. Nash and his family lived on a farm near Pickering for many years, and moved to Kansas a year ago last December. He was a prominent farmer and stock breeder of this county, was a native of Nodaway and had always made his home here until his removal to Kansas.

WILL SUPERINTEND ROCK PORT SCHOOLS

Paul Denny returned Monday night from Rock Port, where he visited the family of his sister, Mrs. R. J. Spickerman, since Friday night. He went to Rock Port from Tarkio, where he represented the Maryville high school in the state high school track meet. He missed first place in the mile race by only four seconds, all because he sprinted in the next to the last round, thinking it was the last time around. His work was more than good anyway.

Mr. Denny's brother-in-law, Rev. R. J. Spickerman, who is pastor of the Baptist church at Rock Port, has just been elected principal of the high school at that place, and will also carry on his work as pastor. He has been chosen to preach the baccalaureate sermon to the graduating class Sunday, May 21. He has been teacher of the classes in history in the high school there for two years, and he has been pastor there for three years. He is a close student and is another one of the well trained former Maryville boys who is honoring himself and his home town.

IS STATE DEPUTY DAIRY INSPECTOR

Imlah D. Miller of Alma, Neb., a son of Mr. and Mrs. John S. Miller of Hughes township, has recently been appointed deputy food and dairy inspector for the state of Nebraska. An intelligent young farmer and dairyman himself, and representing one of the best cream separator companies for the state of Nebraska, he is certainly well qualified for the place. The Alma, Neb., paper says of his appointment:

I. D. Miller of this city received through Governor Aldrich, the past week, the appointment of deputy food and dairy inspector for the state of Nebraska. Mr. Miller is competent in every way to fill the position creditably to the administration as well as himself. He has been through the cream business from a to z, and is thereby placed in position to render efficient service. The appointment meets with the approval of Alma people.

ACCEPTED PLACE IN A TEXAS UNIVERSITY

Professor Jesse Lewis, a former member of the Northwest Normal faculty, has accepted a position with the Christian university of Texas, located at Fort Worth, and has gone there to begin his work, from Flagstaff, Ariz., where he has been teaching in the State Normal.

Mrs. Gusta Shackleford of Brunswick, Mo., who spent several months in our city, left for her home Tuesday.

Byron Sowers, a young merchant of Clearmont, and Miss Nora Bush of Clearmont were in Maryville on business Tuesday.

Francis Bartle of St. Joseph was in Maryville Tuesday. Mr. Bartle is deputy supreme chief tribe of Ben Hur.

MISS FERRITOR DIED IN COLORADO SPRINGS

Miss Josie Ferritor of Clyde, the sister of Edward L. Ferritor, the Wabash agent of this city, died Monday night at Colorado Cprings, Col., where she was taken a few weeks ago for the benefit of her health. Her sister, Mrs. A. W. Enis of Clyde, was with her when she passed away. The body will be brought to Clyde Wednesday night on No. 14. The time of the funeral services have not yet been arranged.

J. C. Ferritor, a brother of the deceased, who is assistant superintendent of the Sinaloa division of the Southern Pacific at Mazatlan, Mexico, where the Mexican troubles are the thickest, has not been heard from, and it is thought that telegraph news cannot be sent through to him, as no answers have been received to previous messages sent by his brother, E. L. Ferritor of this city.

PIPE ORGAN CONCERT THURSDAY, JUNE 8

Mr. J. T. Quarles, organist for the Lindell Avenue M. E. church of St. Louis, will give a pipe organ concert at the First M. E. church of this city on Thursday night, June 8. He will be assisted by Director Landon of the Maryville Conservatory and the choir of the First M. E. church, which is directed by Mr. Landon.

Mr. Quarles is a pupil of Widor of Paris, one of the two great pipe organ teachers of the world. He is the chairman of the program committee of the Missouri Teachers' association, of which Mr. Landon is the president, and is one of the leading musicians and organists in this section of the country. His visit to our city is bound to be a musical treat.

CITY TO ENFORCE SPITTING ORDINANCE

Mayor Robey was tacking up signs Tuesday afternoon on some of the telephone poles around the city, reading as follows: "Fine of $1 to $100 for spitting on the sidewalk.—Mayor." The city is going to enforce the ordinance against spitting on the sidewalk, so Mayor Robey says.

Went to Albany.

Miss Sara Hammond of Union Springs, N. Y., who has been a guest of Mr. and Mrs. Anderson Craig, went to Albany Tuesday to visit her cousin, Miss May Clarke. She will return to Maryville to continue her visit at the Craig home with Mrs. Curtis Coe, the daughter of Mr. and Mrs. Craig. Miss Hammond is a cousin of Dr. Coe.

Gaynor Guests at Dinner.

Mrs. Fred Caudle and son and daughter, Paul and Lela, of Gaynor, were guests at dinner Tuesday of Mr. and Mrs. G. W. Boatman.

Will Attend Golden Wedding.

Mr. and Mrs. A. T. Clark of the Ream hotel will go to Savannah Friday morning to assist in the celebration of the golden wedding anniversary of Mr. Clark's brother and wife, Mr. and Mrs. James Clark, who are old residents of Savannah.

DEFEATED INDIANS

IN THE SECOND GAME PLAYED MONDAY AFTERNOON.

THE SCORE WAS 7 TO 0

Secor, Larke and Keyes Pitched the Game for the Local Team, and Only Four Hits Secured.

The Comets again defeated the Oklahoma Indians in a slow game at the ball park Monday afternoon, the score being the same as Sunday, 7 to 0. Kersey, the utility man, played second for the local team and showed up in good form.

Secor, Larke and Keyes pitched the game for Maryville, and the Indians secured only four hits off the bunch.

The attendance at the game Monday was only fair, some 100 fans being present.

The Comets are showing up in good shape, and it looks like they will get the pennant of the Mink league. At least, all Maryville is hoping so, and will be disappointed if they don't.

The Indians left Monday night for Shenandoah, where they will play the Mink league team this, Tuesday, afternoon. The score follows:

CLARINDA WILL HAVE FIVE OLD PLAYERS BACK

Clarinda will have five of last year's players in their line-up the coming season. They are Frank Hutchison, Harry Reece, Jimmie Lowe, Scott Hunt and Herman Walters. Harvey Morgan of Humboldt, Ia., will be the manager of the team.

George McKnight and Charles J. Hahn of Burlington Junction were Maryville business visitors Tuesday.

The Weather

Generally fair tonight and Wednesday, probably becoming unsettled by Wednesday night; continued warm.

The beginning of eye troubles

Usually come very gradually. Often for years there are indications that the sight is failing. It's a great mistage not to heed these first signs. Those who get glasses at the first indication of something wrong miss a lot of suffering. But no matter in what shape your eyes are in, there is always relief at our optical department.

The water question is here and it will be with us until it is thoroughly washed out.

The man who doesn't believe that factories and industries are good for a town doesn't believe that customers are good for his business.

The war on the dandelion will have to be carried through more than one season if the pest is to be exterminated. Every attack will help, and a continued onslaught will win.

The Colorado legislature has adfourned without electing a United States senator. The Democrats of Colorado have thrown away a great opportunity and disappointed their party, but it must be said that they have done better than the legislature that elected Guggenheim.

If the citizens of Maryville do not want the town to go back they must keep busy in the effort to make her go forward. Competition in city building is as strong as it is in business building. There is not much standing still nowadays; the town that is not going forward is slowly but surely slipping backward.

The discussion of the free list bill in the house at Washington has developen many interesting facts. One of them was the discovery by an official stenographer that three Republican congressmen had filed the same identical speech for publication in the Congressional Record under the usual "leave to print" privilege extended to members who desire to extend their remarks beyond the time permitted on the floor of the house. The gentlemen had spoken against the bill pending, and their speeches not only contained the same thought and the same points, but precisely the same language. The obliging employe in charge of the copy for the Record prevented their simultaneous publication and gave the members opportunity to quietly revise their efforts. The question still remains unsolved as to how the speeches came to be identical. Was the psychological influence over the Republican side of the house so strong that these men all thought in the same vein and in the same language? Did they employ the same clerk to write a speech for them or did they receive from some source a ready prepared argument and all appropriate it without revision? The latter is the most likely answer to the question. The Republican side of the house has been in the habit of letting the trusts do the thinking for them so long that they probably didn't think it worth while to look the articles over. They just secured leave to print, and added them to their five-minute talks actually delivered. The man who saved them from exposure at home should be given a Carnegie hero medal.

Mrs. T. H. Porter is quite ill, and her daughter, Mrs. Cecil Austin, was called home this week on that account.

Mr. and Mrs. Frank Walker, west of town, lost a young child this week, and they have another little one very ill of pneumonia.

Mrs. E. C. Wolfers, Sr., entertained at luncheon Wednesday in honor of Mrs. William Wallis, Mrs. Dr. Allender, Sr., of Maryville; Mrs. C. A. Wolfers of Pickering, Mrs. W. E. Crum of Bedford and Mrs. J. S. Stewart of Parnell. The decorations were in pink. The centerpiece was of pink carnations and ferns. Pink candles were used, the silver candlesticks being tied with pink tulle. After the luncheon the ladies of Chapter K, P. E. O., were invited to meet the visiting guests, and a delightful social time was enjoyed. On leaving, each guest was presented a pink carnation. Mrs. Wolfers was assisted by her daughter, Mrs. C. E. Doulin, and niece, Mrs. Roy Wolfers of Pickering.

We may be a little late in saying it, but it is never too late, in our opinion, to give praise where praise is due, so we wish to say the best thing at the track meet was the Scouts. Their manly actions and kindness to strangers was commented on by everyone. We do not know much about the organization, but we really think it would be a good thing for all the boys (and girls, too) of a town. In fact, it is to be regretted that Maryville didn't have the organization at least twenty years before she got the Normal. We hope the Scouts will grow in number and influence, so that when the next track meet takes place they will have a place in the grandstand, with pennants and colors and megaphones, etc, and when a man does an extremely good "stunt" we hope the Scouts will give a good lusty Maryville yell. Not a Normal nor a high school yell, but a good-for-you-old-fellow-wherever-you-are-from yell. And then we hope they will have influence enough to have one of the unused rooms of the Normal building fitted up for a rest room, where real old ladies and mothers with children can be comfortable. And then we hope they can get some one to provide some extra seats at the Townsend corner, where so many people had to stand and wait for the buses.

After they get all this, we would hope they could persuade some of the good people downtown to find an extra room or two and fit them up so the strangers would feel welcome to go in and rest or spend any extra time they had sitting and visiting with each other instead of walking the streets or standing around in the stores in the way of the clerks and customers.

We don't want much, do we? Well, try it once and see. So

Here's to the Scouts of 1911.
To your good luck, good health be given.
Keep up your work—grow, dig and delve,
And we'll watch for you in 1912.

HE IS A GOOD LAWYER, BUT NO FARMER

According to a story a reporter of this paper heard Tuesday, George Robb Ellison is seriously thinking of becoming a farmer. We understand that Mr. Ellison accompanied J. S. Shinabargar to his farm Monday and wanted to run the corn planter. Mr. Ellison did very well in planting two rows, but on the third one he did not plant a grain for about 100 yards. He didn't know it, though, but went merrily on whistling a tune that put the birds of flight, and he had to be rudely interrupted by Farmer Shinabargar, who knows all about the business. The farmers in that neighborhood don't want to hire George Robb to plant corn, but they think it would be a good thing to have him there to whistle a day or two to keep the potato bugs and weasles and moles from starting in their patches.

Mrs. A. Huffman of Clyde was in Maryville Tuesday forenoon, returning home from a three weeks' stay in Illinois and Burlington, Ia., on account of the illness of her sister's husband.

Mrs. Kena Combs of Hopkins was in Maryville Tuesday en route to Gilman City to visit.

BAD HEADACHES QUICKLY DISAPPEAR.

Mrs. Chas. Hartley, 516 Franklin St., Jackson, Mich., says: "I suffered all kinds of pain and agony from stomach complaint for several months. The pains in my stomach were very bad, the gas forced the food up into my throat, my food did not digest, headaches of the worst kind attended. I was weak, nervous and in a condition so I could not sleep.

I became alarmed at my condition as doctoring did not benefit me. I was induced to use MI-O-NA, and using for about two weks, I found a cure."

If you have a sallow complexion, pimples, blotches, or dull eyes, your digestion is all wrong, and you should take MI-O-NA stomach tablets immediately, and put your stomach right.

MI-O-NA instantly stops belching of gas, sour stomach, heartburn and foul breath and gives complete relief in five minutes.

MI-O-NA is guaranteed to cure dyspepsia, sea sickness, vomiting of pregnancy, or money back.

Don't hesitate to try MI-O-NA. It is for sale by leading druggists everywhere and by Orear-Henry Drug Co., at 50 cents a large box.

REBELS ATTACK JUAREZ

Madero's Unruly Soldiers Storm City.

REPULSED BY FEDERALS

Band of Hundred and Fifty Captures Important Outposts.

FIVE SLAIN ON AMERICAN SIDE

Thousand United States Troops Massed Along Border.

El Paso, Tex., May 9.—Insubordination in the ranks of General Madero's army and a lust for the fight of which federal concessions apparently had deprived them caused a fierce attack on Juarez.

The 150 rebels who opened fire on the federals not only captured some of the important outposts, but carried the fighting into Juarez. Failing reinforcements, they retired.

Firing, though slow and spasmodic, was continuous throughout the night and indications now are that the insurgents will engage in a general attack today.

The insurrectos claim they already have 300 men in Juarez, while reports from federal sources indicate the rebel loss is heavy. It is certain that many have been killed and wounded on both sides. The wounded are gradually being brought into El Paso.

Five people on the American side of the line were killed and at least twelve wounded. Thousands of people in El Paso dotted roof tops or lined the river banks in direct line of the fire. Colonel Steever of the Fourth United States cavalry protested to both armies against the fire into American territory and it lessened considerably thereafter.

Troops Massed on Border.

Nearly 1,000 American troops were massed on the border, keeping crowds back and ready to respond to any orders from Washington.

Couriers are galloping back and forth in an effort to arrange an armistice so that peace negotiations may go on.

General Francisco I. Madero, Jr., is a sad and downhearted man. His efforts to prevent a general attack were successful, but only after he had been bombarded with conflicting stories as to the actual cause of the conflict. General Madero thinks remarks attributed to Colonel Tambourel of the federal garrison in Juarez, taunting the insurrectos, incensed them, and in a statement he genuinely regrets the occurrence. The fight furnished many a thrilling spectacle as well as continuous terror for many Americans living along the river bank.

About a dozen insurrectos were seen to emerge from the barren hills around Juarez early in the day. They skulked along through the shrubbery toward the federal outposts, firing repeatedly at a squad of federals cooped up in an adobe house.

The version of the affair given at the Madero headquarters is that the federals began the engagement. At any rate, the federals soon left their adobe stronghold and fled, pursued by the insurrectos. At the head of the insurrecto band was a Canadian, W. H. McKenzie, whose pink shirt was plainly visible as he pressed close to Juarez.

GERMANY WARNS FRANCE

Occupation of Fez Likely to Lead to Trouble.

Berlin, May 9.—Germany has warned France of the dangerous consequences likely to follow the occupation of Fez by French troops.

Further than this the government has taken no step, though watching developments in Morocco closely.

In view of the hint from Berlin it is believed here that the French flying column from the southwest, that has been hurrying to the relief of Fez, will be halted outside the capital.

Lower California Fighting.

San Diego, May 9.—Fighting began in earnest in the vicinity of Tijuana, Lower California. The rebels advanced from the east and a detachment of federals set out to meet them. Rebel bullets enter Tijuana, which is practically deserted, with the exception of an armed force of about 100.

New York Talks With Denver.

New York, May 9.—For the first time in history the human voice carried 2,000 miles direct when New York found Denver over the long distance telephone wires. Manhattan newspaper men talking to a group in the Colorado city, picked up Omaha on the way and also gossiped with Chicago.

A marriage license was issued Monday afternoon to Hubert A. Appleby and Miss Myrtle Conley of Maryville.

IS ONE'S FACE ONE'S FORTUNE?

Washington, May 8.—Members of the supreme court of the United States endeavored to decide today whether a pretty woman can prevent the use of her photograph for advertising or trade purposes. The court was considering the case of Mrs. Aida T. Rhodes of Brooklyn, N. Y. One day, arrayed in her wedding gown, she had her photograph taken as a present for her husband. Not long afterward her sister-in-law remarked:

"I saw your picture today in the window of a trading stamp store."

Mrs. Rhodes obtained a $1,000 judgment from the company exhibiting her photograph. Now the supreme court of the United States is asked to annul as unconstitutional the New York statutes of 1903, making it a misdemeanor to use a name or photograph for advertising or trade purpose without the consent of the subject.

Right Principles of Teaching

Are as necessary in the study of Music as in any other branch of education. In this school are teachers who have spent years of hard study in preparation, and who have learned as much more in the school of experience. Those who enroll their children for study with any of the instructors in the Maryville Conservatory of Music may be sure that they will have the most careful individual instruction according to the most modern methods. In addition to this the benefits derived from the pupils' recitals and other classes are very important. Pupils from the country who miss lessons on account of weather or sickness will not be charged for same. Call at the studio at any time, or send for catalog to **P. O. LANDON, Director.**

Have you finished corn planting?

Joe Crawford and Henry Shell visited the county seat Saturday.

Mrs. Tab McDowell met with a painful accident Saturday afternoon as she was on her way to Maryville, by an automobile frightening the horse driven by her son. She sustained a broken collar bone and other injuries.

Sandy Smith sports a fine new buggy. Now girls, look out for Sandy.

Have you been hunting for greens yet? They are ripe now.

Miss Florence Lawson has been sewing for Mrs. Salee this week.

Did you attend the entertainment and dance given at the I. O. O. F. hall Saturday night? Quite a fine turnout, as usual. The Rebekahs always get the crowd, but every one was well paid for turning out, for such noble people as Mr. and Mrs. Gingrich and family, B. C. Hall and family, Mrs. Dora Brady, Virgil Guthrie, wife and son, Mrs. Peters and son Charles and daughter Alice, Dr. and Mrs. John, and many other good Christian people patronize you know there can't be anything wrong about innocent dancing. I am quite sure they never held their feet quiet, as Brother Guthrie and Mrs. Heflin were right on the stage with the other dancers.

Cheer up, Miranda, Kelley will be at the next supper. Maybe he had to make a drive. Oh, you spring chickens.

Dill Palmer and family, from the Rockford neighborhood, attended the show Saturday evening.

M. E. Ford, our promising young attorney from the county seat, made our hearts all glad by his smiling countenance and words of enthusiasm which he displayed on our home talent troupe that we are all so proud of, in introducing the "Country Grocery Store" at the I. O. O. F. hall Saturday night. Mr. Ford also sang two beautiful solos, which were appreciated by all present. Many were the hearty encores.

What was the matter with Burl Mitchell Saturday night that he never spoke the same old chestnut entitled "Cy Scroggins?" Everyone present was disappointed.

Henry McComb was a Maryville visitor Saturday.

Miss Lula Hedrick is the guest of Miss Helen Haller, and attended the show at this place Saturday evening.

Why not follow Maryville with a tin can day at Wilcox, and also tin can all the old chronic growlers that lay around in the shade and growl, ground hog style.

DON'T PULL OUT THE GRAY HAIRS

NO LONGER NECESSARY, SAYS A WRITER.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hairs, dull lifeless hair, or hair that is falling out is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea," which our grand parents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage, and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

A Burglar's Awful Deed

May not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap of Leadill, Tenn. If ailing, try them. 25c at the Orear-Henry Drug Company.

A Hopeful Message to Scalp Sufferers and Men Whose Hair is Thinning.

Dandruff now—bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy salves and lotions, the so-called dandruff and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and cake the dandruff so it doesn't fall until it is dried out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whirlwind cure for dandruff, eczema and all diseases of the skin and scalp the Charles Love drug store, on proving to the laboratories compounding the treatment that it is the most prominent drug store in this city, secured the agency for the remedy. This remedy is Zemo, the clean, liquid preparation that kills the germ of disease, and Zemo Soap to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Maryville by Charles Love, druggist.

On Visit to Nebraska.

Miss Grace Fanning, living east of Maryville, left Tuesday morning for Lincoln, Neb., to visit her sister, Mrs. Gertrude Nusbaum. She was met at Barnard by another sister, Mrs. Ibe Rasco, who accompanied her on the trip.

Returned from Delightful Visit.

Mrs. John Hawkins and little daughter, Mandie, living at 1305 East Second street, drove to Mound City Friday and visited until Sunday evening with friends and relatives in and near that place. Mrs. Hawkins was reared in the neighborhood she visited, and as this was her little girl's first visit there she received some very nice presents from the friends they visited.

Mrs. Flora Quinn returned Monday morning from a short visit with her son, Dr. Charles Kirk, and family.

Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "break them in half and crush them" is an annoyance; that usually they work too drastically, and are nauseating and too powerful for the little one's stomach.

Any mother who will take the trouble of sending her name and address can obtain a free sample bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup Pepsin, and the offer of a free trial bottle is open to any mother who has not yet used it. Having used it and convinced yourself that it is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle, just as so many others are doing, the free sample being simply to convince you of its merits. It is the best way to begin on it. Mrs. L. Davis of 187 W. Harrison street, Chicago, and Mrs. Mary Belford, 1710 Coke street, Louisville, Ky., both started with a free sample and now they write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, mild and natural. It has the advantage of being a thorough laxative and yet contains tonic properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.509 Caldwell building, Monticello, Ill.

HOUSE PASSES FREE LIST BILL

Republican Fight Against Measure of No Avail.

MANY AMENDMENTS OFFERED

Representative Norris' Attempt to Knock Out Paragraphs Relating to the Free Listing of Cereals, Beef and Meat Products Fails.

Washington, May 9.—By a vote of 236 to 109 the house passed the "farmers' free list" bill. This bill places on the free list agricultural implements, cotton bagging, cotton ties, leather, boots and shoes, fence wire, meats, cereals, flour, bread, timber, sewing machines and salt.

The session was a tumultuous one throughout, and it was not until 9:40 p. m. that the final vote was reached. The session was marked by scenes and incidents not witnessed in many years, nor upon many occasions, and it was with the utmost difficulty that even the semblance of order was preserved. The Republicans, under the leadership of Representative Mann, riddled the bill, but failed to deliver an amendment of sufficient strength to penetrate the solid front put up by the caucus majority. Representative Mann submitted nearly a hundred amendments during the session, but none was carried.

Representative Norris vainly endeavored to get in amendments to knock out the paragraphs relating to free listing of cereals and beef and meat products. Representative Rucker (Colo.) was the only Democrat to vote with the Republicans upon the amendments to defeat the free listing of beef and meat products.

PROTEST OVER RECIPROCITY

Book Paper Makers and Farmers Are Before Finance Committee.

Washington, May 9.—Protests of book paper manufacturers against Canadian reciprocity were made to the senate finance committee, which resumed hearings on the agreement.

Representatives of the farmers of thirteen or fourteen states followed the book paper manufacturers in protest against the bill. Ex-Governor N. J. Bachelder of New Hampshire, master of the National Grange, denounced the bill as a violation of the pledge of the Republican platform of 1908 to maintain protection to the country's industries equal to the difference in the cost of production at home and abroad.

FOR REFORM OF LORDS

Lansdowne's Bill Provides for Smaller Chamber Divided Into Three Classes.

London, May 9.—Lord Lansdowne, leader of the opposition of the house of lords, introduced his bill for the reform of the upper house.

The Unionists, he said, proposed a house to consist of 350 lords of parliament. No peer should hold his seat for more than twelve years, but they would be eligible for re-election. The peers themselves would elect 100 members of the peerage possessing the statutory qualifications.

A second contingent would consist of 120 members to be elected from outside the house of lords.

The third section of the house, numbering 100, would be appointed by the crown on the recommendation of the cabinet. Princes of the royal blood would retain their seats, as also would two archbishops, while five bishops would be elected.

Will Put Raw Wool on Free List.

Washington, May 9.—That the ways and means committee will put raw wool on the free list in revising schedule K was declared to be practically certain and resulted in a caucus of the Democratic delegation from New York, at which eighteen members declared themselves in favor of free wool and four argued against it. All pledged themselves to abide by the decision of the full Democratic caucus.

Kansas Postmaster Arrested.

Salina, Kan., May 9.—Charged with embezzlement of funds of the United States government, John A. Larson, postmaster at Assaria, Kan., near here, was arrested by United States Marshal W. H. Makey. He is said to be about $500 short in his accounts. Homer Mongold, a rural carrier at Mentor, also was arrested, charged with embezzlement of government funds.

Huff Given Life Sentence.

Terre Haute, Ind., May 9.—Frank Huff, janitor of the First Methodis church here, who was arrested last Saturday, charged with attacking four little girls, pleaded guilty in the circuit court and was sentenced to life imprisonment in the state prison at Michigan City. Huff is fifty-four years old, is married and has a family.

House to Investigate Sugar Combine.

Washington, May 9.—Investigation of the American Sugar Refining company and all other concerns engaged in the manufacture of refining of sugar, to ascertain whether or not there have been violations of the anti-trust law was recommended by the house committee on rules.

Miss Vera Zoe Snider returned to her home at Gentry, Mo., Monday, after a week's visit at the home of Mr. and Mrs. Z. R. Alexander.

WHAT STATE EXPERIMENT STATIONS HAVE FOUND TO BE TRUE

The following is the meat of several experiments which have been conducted by various states:

Missouri found in a steer feeding experiment where corn silage was compared with hay, $1.07 for every 100 pounds of beef was saved by the use of silage.

Illinois station, in bulletin 73 found corn ensilage worth 31 per cent more than corn fodder when all costs were considered.

Ohio station found they could produce butter fat 9 cents cheaper per pound by using ensilage than they could when using hay. A like difference was found in milk production.

The Indiana station found the silo the most economic means of producing both beef and mutton in three well conducted experiments. They also found corn ensilage to be worth from $5.50 to $6.50 per ton when fed to fattening steers and sheep. This in the light of the fact that corn ensilage will not cost the farmer more than $2 a ton should be convincing argument.

The Mississippi station found corn ensilage in the South the most economic means of producing both milk and beef.

Pennsylvania station found good results in feeding steers silage and realized a value of $6.20 a ton when used in this way. They also found silage superior to hay and much more economic in the raising of young stock.

Massachusetts found in a steer feeding contest corn silage to produce meat cheaper than where hay was used.

Ontario experiment station found they could save $63 on every $200 invested in feed if they used corn ensilage in preference to hay in feeding cattle.

Kansas experiment station not only produced beef cheaper with silage in the ration, but also the silage fed steers sold at a higher price on the market than did the dry fodder steers. They found corn ensilage when put in the silo would keep five and six years and retain its feeding value.

Michigan experiment station has been using silos since 1881 and has found in several experiments ensilage to be the most economic form of feeding the corn plant to stock.

Is Standard bred and Registered; is black with three white feet and star; is kind in and out of all harness. Bred by the estate of W. H. McCurdy, East Cleveland, Ohio. Got by Roy Wilkes 2:06½ pacing, (owned by M. W. Savage, International Stock Food Farm, Savage, Minn.), son of Adrian Wilkes, by George Wilkes 2:22, son of Rysdyk's Hambletonian; dam Sweet Briar by Luna's Tom Hal, son of Gibson's Tom Hal; second dam Rachel by Brooks (sire of Bonesetter), son of Stone's Brown Pilot; third dam by Old Bay Tom Hal (owned by Wm. Bryant, Mooresville, Tenn.); fourth dam by Old Traveler.

OCTAGON is pronounced by critics to be the most advanced type of the standard bred family. His many hard fought and winning races have left no trace of blemish or unsoundness upon him in any way. His limbs are sound and clean at the present time as they were when he first went into training.

He will make the season of 1911 at my farm 5 miles west and ½ mile north of Pickering, and 7 miles east and 1 mile north of Burlington Junction at $15 to insure. Colt stands good for service fee. If mare is parted with or removed from county, service fee becomes due. Care will be taken to prevent accidents, but will not be responsible should any occur. Mares from a distance will be kept at a reasonable rate at owner's risk.

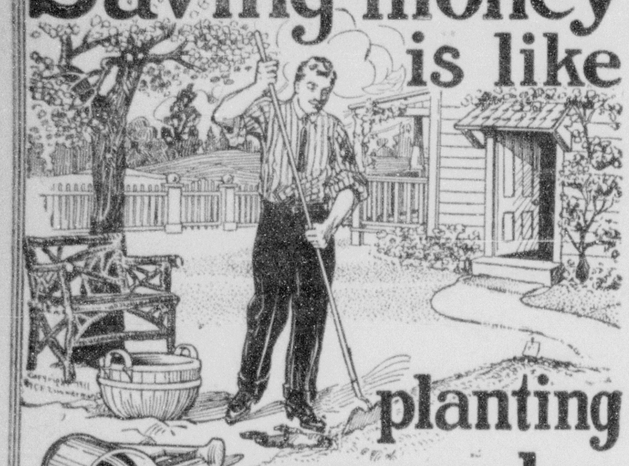
Saving money is like planting your garden



WHEN you plant money in the bank you expect it to bring you a harvest of profit and pleasure---same as your garden.

And like the produce of your garden it grows best with careful attention—till it becomes a harvest—a fortune. Now is "planting time." Think it over.

PERCHERON AND STANDARD HORSES.
Six Registered Stallions in Service.

We have them as good as GROW anywhere, and have clearly demonstrated their superiority at the big shows of this country, and can show plenty of championship prizes and gold medals to warrant such statements. PHENIX as a sire has never been defeated, having won first and championship honors at ALL the big shows, including the State Fair at Sedalia, the Inter-State at St. Joseph and the Great Americal Royal at Kansas City, Mo., last fall with many of the best states competing. His sons and daughters won in the open classes at ALL these shows, beside Percheron Society specials and championships.

One of our mares at the State Fair won over the mare that was first prize winner at Paris, France, this last summer.

We have the "goods" and are pleased to "show" them. Young stock for sale by the great PHENIX and other noted sires. Barns in south part of city.

Our motto: "Quality and Size." Our prices right and same to ALL. For further particulars call or write Charles Gallagher, in charge, or J. F. Roelofson, owner.

TAFT FIRM FOR RECIPROCITY TREATY

President Talks Bluntly to Members of National Grange.

Washington, May 9.—President Taft indulged in some plain talk in explaining to twenty-five members of the National Grange that he does not intend to play politics with the Canadian reciprocity agreement, even if the enactment of that measure by congress costs him the farmer vote.

The president told his visitors bluntly that he was sorry to hear that Republican farmers would desert the party if the agreement goes through, but fear of such desertion would not change his conviction as to the wisdom of such legislation. He said that he believed reciprocity to be the best thing for the whole country and that he did not intend to argue it.

N. P. Holt, spokesman for the farmers, intimated strongly that the farmer does not like reciprocity and that the Republican votes are likely to be lost if it is passed.

Threaten to Bolt.

"If reciprocity goes through," said he, "it means we must take less for our wheat and less for our products, and that means a halt in the improvement of our homes and in the education of our children. Take the states along the line—Michigan, Wisconsin, Maine, New Hampshire and Vermont. In the past the farmers of these states have been the backbone of Republican protection. You could count on these people every time.

"If this measure goes through it will discriminate against our markets and Canada will get the benefit; it will make it harder for us to get a dollar. No president ever commanded the faith of the farm people in times past more than you and I ask you whether you do not think we will suffer if we are put on a free trade basis?"

President's Frank Reply.

"Certainly," said the president, "I have no disposition to interfere with the prosperity of those who make up the bone and sinew of our population—the farmers—and I am convinced I am in no way interfering with it. If I am—if we carry through this treaty and it turns out it does produce the injury you anticipate, it can be repealed by a single congress.

"It does not last longer than either side desires it to last. I am convinced that after it has been given one year's trial, neither side will think of reversing it. That is my conviction. I cannot go into an argument."

WHEAT GAINS THREE POINTS

Marked Improvement in Condition of Crop During April.

ABOVE THE TEN YEAR AVERAGE

Area to Be Harvested Is Nearly Two Million Acres More Than Last Year. Condition of Rye Is Slightly Above the Ten-Year Average.

Washington, May 9.—The average condition of winter wheat on May 1 was 86.1, compared with 83.3 on April 1, 82.1 on May 1, 1910, and 86.0 the May 1 ten-year average, according to the May crop report of the department of agriculture.

The average condition of rye was 90, compared with 89.3 on April 1, 91.3 on May 1, 1910, and 89.7 the May 1 ten-year average.

The area of winter wheat to be harvested was about 31,367,000 acres, or 1,940,000 acres (6.6 per cent) more than the area harvested in 1910, and 3,118,000 acres (.9 per cent) less than the area sown last fall (34,485,000 acres).

METHODIST ENVOYS MEET

Agents From Three Great Branches Working on Scheme for Unity.

Chattanooga, Tenn., May 9.—Envoys from the three great branches of Methodism met here to lay a foundation for the unification of the divisions. Plans for the federation begun seventeen years ago are shaping into complete form. The three branches are the Methodist Protestant, the Methodist Episcopal and the Methodist Episcopal church south.

The joint commission consists of twenty-seven members, each church being represented by nine commissioners, and its first session will be held tomorrow to receive and act on the report of a subcommission, which met here.

The federation movement was begun at the general conference of the Methodist Episcopal Episcopal church south, at Memphis, Tenn., in 1894, when the commission representing that denomination was created. Later similar commissions were appointed by the two other churches and the three held a meeting at Baltimore in December, 1910. At that time a subcommittee of three from each commission was appointed to inquire into the causes of the alienation of three branches of Methodism and to formulate and present a plan for unification.

RIOT IN OKLAHOMA CITY

One Man Shot and Four Slightly Hurt When Mob Attacks Street Car.

Oklahoma City, Okla., May 9.—One man was shot and four others were slightly injured here during a fight between special police employed by the Oklahoma Street Railway company and union men. Tom Davis, a spectator, was shot through the hand. Two special policemen, a union man and a street car conductor received minor injuries.

The trouble followed the refusal of the street car company to meet the demands of the carmen's union for an increase in wages. An attempt was made by union men and their sympathizers to prevent the running of cars and when the police tried to make arrests the union men resisted. The disorder was soon quelled.

Dress Order Enrages Girls.

Cambridge, Mass., May 9.—Members of the Radcliffe college senior class are objecting about what they shall wear on commencement day. They have been told they must wear plain shirtwaists with long sleeves and with no buttons on the skirts.
